

Audit Support Service

Hello!

Skills Office Network is a complete training support service for employers, existing training providers and prospective training providers. We help remove the complexities and barriers to high-quality training, enabling you to deliver an outstanding service. In short, we 'make training simple'.

Inspections and scrutiny against funding rules is a daunting prospect for many training providers. Non-compliance and funding errors can present significant risks and can potentially lead to sizable financial reclaims or contract termination.

Much like Ofsted, contract holders can - and do - give short notice of an inspection. Preventing any errors and 'getting things right' the first time is always the best approach when it comes to protocols and funding rules.

Our expert guidance and support service helps to remove the complexities and risks and gives you the peace of mind that your business is audit-ready for success.

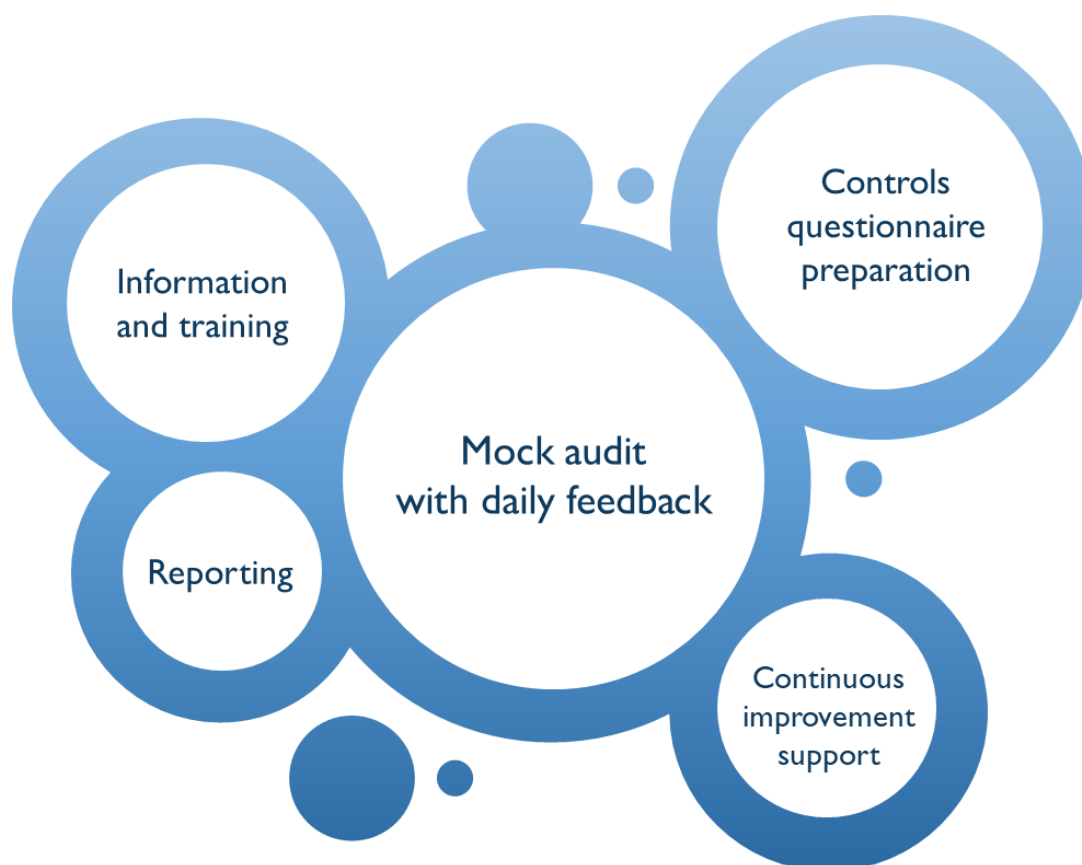

Audit Support Service

Our specialists can help you to review the effectiveness of your working practices and process, identify where any issues exist, and suggest the best approach to resolve and report them.

With experience of working directly with the Education and Skills Funding Agency (ESFA), Department for Education (DfE) on several projects, our pre- and post-audit support means you will know exactly what to expect and how to present your data.

Additionally, we can provide bespoke support sessions within short timeframes to support those who face urgent challenges.

What this means for you:

- Assurance that your business is audit ready.
- Rule out the risk of monetary reclaim or contract termination.
- More time to focus on delivering outstanding training!

Get in touch at info@skillsofficenetwork.co.uk or on **0333 358 0579** to find out more about how our Audit Support Service can benefit your organisation.
